Registration Required

### EXPO FORMAT RETURNS IN 2024!

This education-driven, one-day health fair provides a positive, interactive approach to helping individuals with Parkinson's disease take control of their disease, maintain their identity and improve their quality of life.

The goals of the event will be accomplished through:

- A flexible schedule – Choose what time you want to come and what sessions you want to attend: Morning, afternoon or all day.
- A larger number of exhibitors, many of which are interactive.
- Several education sessions to choose from on various Parkinson's disease-related topics.

Presented by Cleveland Clinic, a Parkinson's Foundation Center of Excellence
